

## SPOTLIGHT - ESTANE POLYURETHENE

### What is Estane:

Estane Thermoplastic Polyurethanes close the gap between flexible rubber and rigid plastic materials. They have the benefits of both, but are unique in nature. Estane has properties of rubber, thermoplastics and thermosets.

### Benefits:

Estane thermoplastics:

*\* Have excellent abrasion and wear resistances in harsh environments including chemical, sunlight, oil, and direct burial applications*

*\* Offer unmatched durability*

*\* Maintain flexibility in low-temperature surroundings*

### Aerospace Capabilities:

Aerospace Wire & Cable offers a wide range of gauge sizes and an extensive array of colors for Estane TPU.

Contact us for details referring to our custom cable capabilities.

## HOLIDAY SCHEDULE: HAPPY THANKSGIVING

As we fast approach the upcoming 2010 holiday season we just want to take this opportunity to share with you our scheduled office closings:

**Thanksgiving** - Thursday, November 25th and 26th

**Christmas Eve** - Friday, December 24th

Our factory will remain open and churning over the holiday season to ensure that your orders are shipped right on time. If you have any questions about our upcoming schedule, please feel free to let us know.

All of us at Aerospace Wire & Cable wish you and your families a safe and fun turkey weekend!

## THE TOP 20 STOCK LIST : NOVEMBER 2010
